Dear Mr.Singer,

Thank you for giving us the wonderful news.

You and your law firm have provided us with the best quality service any person could get. We came to know about you through a friend who was your client. As you are well aware, for people like us, in matters of immigration, it is very difficult to get correct information regarding procedure as well as a timely response to queries. You have been greatly helpful in both respects, giving us prompt information and help that was to the point yet very thorough. You guided us through every step of the proceedings, always taking the time and effort to clear our doubts.

For any person who comes to us searching for a Canadian immigration lawyer, you would be our choice. We will definitely recommend you as the best.

If we have any further queries regarding our immigration, we will definitely stay in touch.

Once again, our heartfelt gratitude for making our immigration procedure so organized and smooth. Our best wishes to you for the future.

This recommendation comes to you with our highest regard.

The experience with the Singer office has been the most satisfying service I've had so far. From the very beginning my initial consultancy with Mr. Singer himself, until I received the visa notification, the Singer office displayed superior professionalism and efficiency. Both Mr. Singer and his staff are always available and responsible in answering and dealing with my queries and issues.

Of particular note is the Singer office's ability to turn around adverse situations in an effective manner. Due to one of my particular situations, my interview with the visa officer turned out to be unsuccessful and I had actually given up my hope on my visa. Soon after the interview, I got an e-mail from the Singer office on my interview process. After knowing what had happened, Mr. Singer immediately came up with remedy action, and one month later, I was advised that I passed the interview!

Until today, I am still impressed by the Singer office's capability and I think their expertise in this area is

unmatched. I highly recommend any future applicants retain Mr. Singer's service, as this would potentially improve your chance of eventual success in an unimaginable way.

Thanks again and I really appreciate your pleasant service during this period. I will certainly recommend your service to all my friends.

With best regards...

I am overjoyed by the GRAND news I've just received from you!

This is just GREAT!

I would like to take this opportunity to thank you and your team the highly professional, prompt, and reassuring assistance you've been giving me throughout the process of application. To mention just one of all aspects of the services you provided me with, I appreciated the fact that you always managed to deliver what you engaged to support me with in the quality and time frame you promised. The very pragmatic support I was happy to receive during the preparation of my application was even more enhanced by the realistic advices and the efforts you made so that my files are processed in a speedy manner.

Also, your team's invaluable help in redesigning my resume to fit the Canadian job-market needs provided me with a very important feeling of assuredness that allowed me to continue my work and at the same time not to experience any doubts regarding the success of my application. Let me inform you here that I was already able to enjoy some very positive feedback from different potential employers, which makes me confident about my Canadian future.

THANK YOU FOR EVERYTHING!

Dear Mr. Singer,

I would like to thank You for leading my immigration case to the successful end. Of course, I could apply for permanent residence visa myself without engaging your qualified counsel but I recognize now that it could be false step, since immigration process is very complex and inexperienced applicant can make a lot of undermining mistakes.

In the process you informed me about farther steps to be taken and theirs time schedule. It was very pleasant to know what will follow next and when. You are not trying to hide Your knowledge, but

applicant can obtain a lot of valuable up to date information on immigration form your web-pages.

Especially thank you for providing me with advise about strategy on my immigration interview, most of the questions you outlined in your papers were really put by immigration officer and I could always react properly. I presented to officer "Self Directed Employment search program" you prepared for me and this served as sufficient proof that I am able to find job in Canada.

I was opting between more immigration layers and I am really happy know that I retained Your services and all that was for really reasonable price!

Kind regards,

My comments on your professional service as follows:

I first contacted Colin R. Singer Law Office after surfing the web for one whole day, comparing dozens of companies in this business. I was first attracted by its reliability - 5 star website and then its fair price - nearly half of the prices of other companies.

I wrote a tentative email to Mr.Singer and engage their service in the second email. They didn't fail my anticipation, their service is the same as what they promise. What impressed me most are its efficiency, reliability and professionalism. My case demonstrates exactly what I said above: I handed in my application to Hong Kong embassy on November 2, 1998 and got the visa on Febururay 14, 2000.

One thing I would like to mention is that I also recommended Singer Law Office to my 2 best friends and their cases are moving smoothly under Mr.Singer's monitor.

In sum, to choose Mr. Singer's service means to choose a speedy and safe way.

Dear Mr. Singer

We thank you for providing us such a great service so effectively and in a timely manner with my application for Permanent Residence (PR) to CANADA. I wanted to apply for PR long back but was put off by the knowledge that it would be difficult to reapply in my case as my application was rejected before. With your help it went through so smoothly and quickly. Mr.Singer provided detailed instructions on filling the applications forms and valuable advice on collection of all required documents. During the course of our application we had regular contact with Mr.Singer and his associates - by e-mail. All letters to and from Canadian Consulate were timely handled by Mr.Singer's office. Our interview was waived, medical exam had been successfully passed and visas issued within six month. I could recommend Mr.Colin R. Singer as knowledgeable and responsible legal counsel in the field of acquisition of Canadian permanent residence.

From begin to end, I am very satisfied with the service provided by Mr. COLIN R. SINGER, Attorney. Applicants don't need to take care of the application details which really takes your time. They do almost every thing for the applicants, what the applicants need to do is only providing them their materials. In addition, their charge is quite reasonable when compared to others and you got different choices.

Last, Mr. Singer provides us an excellent web site regarding immigration to Canada, which is the best I have ever seen. I won't hesitate to introduce it to my friends.

Dear Mr. Colin R. Singer,

Thanks you and your staff for your sincere effort and expert help in getting our Canadian PR visa done.

In the process of acquiring our Canadian Visa through your firm, we learnt not about legal issues and procedures needed for immigration, as it was very well taken care by your firm, instead we learnt more about business perfection and client service that you have given to us. If something we know about the whole procedure of immigrations, it is what came across while surfing your web-site. We should admit that your web-site is a great resource for information about Canada.

Best wishes and good luck to you and your staff...

Dear sir,

With this letter I would like to express my gratitude for your help during our recent immigration process to Canada.

Your assistance was a valuable means that allowed my husband and me to have a fast process with no unnecessary delays. I believe we are some of few people who are able to say that they got their immigrant VISA approved within 6 months of having send the appropriate documents. Most important is that your services did not end there. We used the option that included a job search and interview schedule to be able to secure an employment in Canada, and in this way allow for a more positive start of a new life in Toronto. I can tell you I was very pleased to receive and accept a job offer after completing this process.

Thank you very much for your services and for your help. I hope many other people get a confident start in their immigration process hiring a firm like yours, which can reassure that once they have studied and accepted a case, they will look for the best way to find a successful conclusion.

With deep gratitude,
Yours truly,

I'm very pleased to write this letter in behalf of Mr. Colin R. Singer's office.

I have been his client since fall 1998. That time i resided temporarily in France and desperately did not want to return to my motherland Russia.

I searched for any opportunity to immigrate legally to West European country, Canada or US. Among many attempts was my filling and submission of so called "pre-questionnaire form" from Canadian embassy in Paris which evaluate chances to become Canadian permanent resident in independent category.

Unfortunately i have not received any response for two of my "pre-questionnaire" which meant that my chances for Canadian immigration were not good.

That is how i came to decision to seek for professional lawyer's assistance. I have to say that that time i spoke with at least four Canadian lawyers recommended me by my friend. However either cost of their service was too high for me or their conditions were unacceptable and one of them even didn't seem reliable. (Friend of mine wasted 3000\$ paying to this lawyer).

Mr. Singer proposed me the best price and conditions to that period.

Later on he filled out my application for me and represented my case in such a beneficial manner that Canadian Consulate even waived interview with me. And it happened even despite i got only one point of scores for my specialty which is usually very crucial for positive decision and i didn't speak English very well. So i wasn't very promising candidate for Canadian residence i just picked right lawyer. After interview waiver I was already sure that knowledge and experience of my attorney would inevitably

lead to me to Canadian residence. And finally i got it! During the whole period of our contract it was honor and pleasure to have a deal with Mr. Singer and his colleagues. All their advices recommendations and instructions were always thoughtful clear precise and quick. He and his colleges were always instantly available to answer my numerous question. Such a small detail: when it was necessary to send documents he always used Express mail or DHL service for correspondence with me (which i sometimes simply could not afford).

Concluding everything said above i think that Mr. Colin R. Singer office is

team of highly qualified professionals dedicated to serve their clients at highest standards.

At last i want to take this opportunity to express my sincere gratitude to Mr. Colin R. Singer, Mr. Wildenmann, Mrs. Jamil and all other people who contributed to success of my case for everything they did for me and my family.

Dear Sir/Madam,

I would like to take this opportunity to thank you for your support during a period of 22 months. I found that Colin singer's office is quite unique in their service. since the first time when I sent my resume on line, following by preparing the necessary documents, interview, medical check. Through all these

aspects, a full guidance was provided to over come all the difficulties that may arise.
In my opinion, the key of success is honesty. i found that honesty is always in this work.
I'd like to thank miss Mayada, for her help through phone and e-mail.
The work that have been done by this office was excellent, as they always instructed me with the best way to achieve the target.
Now i can say that it is a peace of mind to rely on this office to achieve what you want.
but the most important thing is that once a person send his/her resume for free assessment on line, he/she should write every thing exactly as it is with the full truth .. then based on that if they say ok you will get it .. it means 200% you will get it..
that means they know their work.

Thanks for your kind help and support and i wish more success for your office.

With my best regards.
Yours,

My Assessment of Colin R Singer Services

My name is Faisal Habib, I am Pakistani, working in Tanzania as an expatriate. I knew about Colin R Singer from News - week and started communication with him via e-mail.

My date of application was second week of October 1999, and the place of application was Canadian High Commission Nairobi. Within six weeks I got my file number and was called for an interview on 27th of June 2000. Immediately after interview I was given medical papers. I appeared for medical in the first week of August 2000 and the visa were issued in the first week of October 2000.

During the period of application that is from mid 1999 to mid 2000 I wrote several e-mails to Colin and the best part is that every time I was getting answers within 24 hours, sometime within 8 hours.

I took a risk as I did not know much about Colin but now I am confident that all those who will get services of Colin will not only be satisfied but will gain a lot of information during the process.

Best regards and Good Luck to all.

I'm very glad that I opted for your services over so many other Canadian immigration agencies because so far your professional legal counseling has been highly commendable, and I honestly don't think I could have found anyone better. I sincerely thank you for the superb job in filing my application, and I very eagerly look forward to the final stage of my visa issuance.

Best Regards,

Dear Mr. Singer,

Thank you so much for the great news that our visas have been issued.

It was a real pleasure to work with your office during the whole process of our application. We are really impressed by your professional way to handle our case, timely response on all our inquiries, as well as very useful and helpful advice. We are very glad and lucky to have this attorney office to work with and to

rely on.

Actually, the first time I got to know your office is by Internet. After deciding to immigrate to Canada, what we did was to search the Internet to find out the ideal attorney. We were really impressed by <http://www.immigration.ca>, which gives us not only a lot useful information, but also gives us a clear picture on the steps leading to immigrate to Canada. As a matter of fact, I am still checking this web page from time to time now to get the latest information about immigration as well as Canada.

Thanks again and all the best wishes.

Sincerely,

I take this opportunity to thank all members of your team who have worked on mine and my wife's case over the last the few years.

Your office's professional help was instrumental in making this task seem so less daunting for the most part of it.

Myself and my wife join to place our special appreciation for Ms. Mayada Jamil of your office who had handled the "Family Class Sponsorship" case so well.

My special "Thanks" goes out to her for so patiently addressing all my concerns about the case during the entire period and for her valuable suggestions and efforts towards the making the Happen so smoothly.

My best wishes to all in CRCA.

Thanks,

May I take this opportunity to thank your office, and especially you personally, for having guided me so successfully through this intricate process of securing immigration to Canada under the Independent category.

I'm specifically grateful to you for your extraordinary understanding in dealing with my numerous queries, some of which were a natural product of my anxieties, borne out of apprehensions of taking such a critical and major decision effecting the lives of my entire family.

At no time have you, right from the very outset, ever mislead me in any matter relating to the immigration process. I now realize the usefulness of wise and frank counsel, which I have always had the privilege of having from you, and which has undoubtedly led me to this imminent success.

I and my family shall remain forever grateful to you for having always been forthright and correct with us, and for all your help and co-operation beyond the usual call of professional obligations.

I also take this opportunity to inform you that I'm currently taking severe recourse to your award-winning website - www.immigration.ca - to assist me in my settlement in Canada.

Wishing you and your office personnel the very best, and thanking all of you for having responded to all my queries and mails in the preceding period with promptness.

Thanking you, once again!

Dear Mr Singer,

Thank you very much for you and your office in the excellent service you provided.

Although initially I was apprehensive on obtaining a service from you where most of the interaction is only through email, I must say that it appears to be more than sufficient, while working with an attorney as professional as you.

I must say on record that you provide all the confidence a client seeks in an attorney and your level of professionalism is truly among the best that I have seen.

Best wishes in your continued success in all endeavors.

I look forward for the arrival of the visas.

Warm Regards

Dear Mr. Singer,

I received the immigration papers by TNT today and I want to use this opportunity to thank you and your staff for the high level of professionalism displayed throughout the entire process. I am very satisfied with the service and will not hesitate to recommend you and your office to any person who wants to engage professional hand in the processing of Canada immigration.

I started thinking about immigration to Canada in early 1998. I started by reading almost anything on immigration to Canada on the web. I checked Mr. Singer's home page and that of many other immigration lawyers and consultants. I filled many free assessment forms all of which returned that I am qualified. However, I started noticing the difference between Mr. Singer and other immigration lawyers and practitioners right from the start. The response time for any question I asked Mr. Singer was between 12 to 24hrs while those of others were two to three days if they bothered to respond at all.

The quality of information on Mr. Singer's web page was also quite overwhelming that I have to agree that he must know more than a little in the field. I then decided to engage Mr. Singer purely on the merit of answers he provided the timeliness of the response and the reasonable fees he charged. The fee is about half of what others in the field are charging. Of course I was aware that the immigration process can be done without engaging any professional hand and I am more than competent to do it myself, but I decided to engage professional advice as there is really nothing to substitute experience with and I wanted a smooth process.

Anyway, after the contract was signed and the immigration forms completed, Mr. Singer took good care of every problem that crop up along the way. Throughout the entire process, from filling the application forms to the receipt of landing papers, I never had any course to contact the visa office directly on my own. I directed all correspondence to Mr. Singer who then followed it up with the visa office in a timely fashion using courier service to forward every document to me and to the visa office. At the time of interview Mr. Singer provided me with invaluable tips and advice.

On the whole, My experience with Mr. Singer is that of a very reliable professional whom you can trust. If I have any further need, I definitely will engage Mr. Singer again. With Mr. Singer you can file your papers and go to sleep. Besides, the fees are quite moderate considering the quality of service you are guaranteed to get.

I will always recommend him for any person in search of a painless immigration process to Canada. I am satisfied with the service. I have already recommended him to many of my friends who are about to start the process.

Sincerely,

Fasanu Francis.
