Letter 1

Dear Mr. Singer,

It is my pleasure to write you this letter to express my appreciation to the great service and treatment I have received in the last 3 years by your office staff.

It took me 4 months back in 2005 to find an attorney to handle my immigration case to Canada, I have called 3 to 4 other law firms and I have to admit that your office was by far the most professional, knowledgeable and experienced. I was impressed by the quality in your fellow employees who are dedicated to get the job done efficiently without showing any sign of frustration. I have dealt with many law firms in the past, and I know it is not easy to be in the profession you are in, but I can see that your firm is a roll model for others to follow in terms of expertise and preciseness.

Even during the most difficult times in the process, your staff stayed calm and dealt with issues till they made sure that everything is back on track. At some points I was in state of frustration that made me lose hope, especially after the rough interview at the Canadian consulate in Los Angeles on April 01, 2008, but your staff assured me that I still have a good chance to have a happy ending of the process, and sure enough your staff showed confidence in what they are doing and got the job done in a perfect fashion.

Larisa and Ghada teamed up throughout the process to provide an "A+" service that sometimes I can't find the right words to describe their outstanding performance. I, as a pilot, know if someone is trained to finish up the job, but also I know if someone is trained to go the extra mile to make sure things are done right, your staff did just that and I can not thank them enough.

Please feel free to share this letter with your clients and feel free to contact me for more input.

Sincerely,
Khaled Nawaya

Dear Mr. Singer

We have been in Canada for a little over a year and it has been the most wonderful year of our lives. We wish to thank you for everything you and your colleagues did to help us with our immigration application, and we have no hesitation in recommending your firm to anyone who needs help with their applications. Our Agent was patient and answered email after email as we had so many questions throughout our four years of being processed.

We have so many opportunities available to us here and it is special to be able to have hopes and dreams and know in our hearts that we will be able to make them come true.

We are finally being able to live, not just exist or survive from day to day. Not only are we able to eat well and stay healthy, which we could not do where we came from, but we are free and safe; and that is the most incredible feeling in the world.

Thank you for helping us to get our lives back.

Dear Mr. Singer,

APPRECIATION FOR A FULL AND SUCCESSFUL SERVICE

When I chose, at the beginning, to engage the services of Collin R. Singer to facilitate my application for Canadian Immigrant Visas, I was naturally apprehensive about trust, fees and the risk of utilizing a firm of some 'unseen experts' who would, at best, only be remotely connected or accessible via the internet.

I did not fully realize the enormous task, responsibilities, challenges and expectations I had placed on you, as facilitators, until I received two large parcels from the Entry Clearance Officers at the Visa Office of the Canadian High Commission in Accra on Monday, 30 March 2009. I was overwhelmed by the mass of documentary evidence you had assembled to support my application. My first thought then was: '... this must have been a long tortuous process.'

Now that we have received our visas and preparing to relocate to Canada, I would like to take this opportunity to let you know how deeply we appreciate your highly professional role in the facilitation of the entire application process. We really value the time, resources and professional commitment your firm has expended on this great accomplishment that will bring change to me and my family.

Somehow, I feel this is the beginning of a relationship with Collin R. Singer, as I thank particularly, Imane Jamil, Jihane Gharzouzi and Ghada Jamil, who worked directly and tirelessly with me on this project. At some point when I felt a bit of frustration, their reassurance re-echoed the old saying that '... the road to success is always under construction.' I am sure our paths will cross again someday.

On behalf of my family, I would like to confirm that we have enjoyed a fully successful professional service from your firm and should be glad to recommend you to our friends and others.

My very best wishes

Dear Mr. Singer,

May I please take this opportunity to congratulate your organization on the excellent service provided in order to procure permanent residence into Canada for me and my wife.

Right from the start of the process to the point of getting the visa issuance, I have had exemplary support from your immigration consultants - in particular Andrea and Gabrielle. The whole process was smooth and all communications were very professional. I received prompt responses to the multitude of questions I raised. Your website (especially the forum) helped to clarify any ad-hoc questions I had. The online billing and status check facility was perfect.

Thanks once again for all the help and support.

Regards,

Prem

Dear Mr. COLIN R. SINGER,

I would like to thank you and your staff in getting approval of my permanent residence in Canada.

During this long process that took about three and a half years I have following comments about the services provided to me.

1. Accurate and Step by step instructions
2. Fast response of my queries
3. Excellent drafting of additional documents for submission e.g. statement attesting to proficiency in the English language etc.
4. Clear instructions about deadlines of dates e.g. providing the medical certificates, police reports etc. to the immigration.

All this helped me in getting waiver of interview and approval of my PR. In summary I would like to say that the services provided to me have exceeded my expectations.

I would be happy to include my above comments on your award winning World Wide Web site under your Client Recommendations section.

Thanking you,

With regards,
